

SILVACO

## Silvaco A/S and Eurokapsule will become one company under the Silvaco brand.

Press release 29.06.2015

As per 1<sup>st</sup> July 2015 the Danish company Silvaco A/S is to take over the business of Eurokapsule, France.

Silvaco is a well-established trading company in The Nordic Countries. Silvaco has a broad portfolio of excipients and active ingredients to the food, pharma, feed and cosmetic industries from several recognized and well-reputed manufacturers from around the globe.

Eurokapsule is a European distributor of empty hard capsules to the dietary supplement, nutraceutical and pharmaceutical industries. Since 1989, Eurokapsule has through its network of manufacturers around the world imported and brought the best possible hard capsules to the European markets.

Through the acquisition, Silvaco will gain the deep and thorough knowledge of the empty hard capsule business segment that Eurokapsule has acquired through decades. Our product portfolio will expand to include a wide range of empty hard capsules made from bovine gelatin, fish gelatin, HPMC and pullulan as well as the more specific enteric capsules. All the different type of capsules comes in all various sizes and colours. We stock the capsules in our own humidity and temperature controlled warehouse in Hilleroed, Denmark ensuring a prompt and efficient supply of the most common products.

The name of the business unit will remain Eurokapsule as this is recognized to be identical to high quality capsules at reasonable and competitive prices. The customer-oriented philosophy and quality policy will continue from our offices in Paris and Hilleroed.
